Academic Appointments

Assistant Professor

North Carolina State University, Raleigh, NC

Industrial and Systems Engineering

2023–

Graduate Faculty

North Carolina State University, Raleigh, NC

Operations Research

2023–

Rising Environmental Leadership Program Fellow

Stanford University, Stanford, CA

Woods Institute for the Environment

2020–2021

R&D Intern

Sandia National Labs, Albuquerque, NM

Supervisor: Dr. Andrea Staid

Center for Computing Research

2017–2020

Education & Training

Postdoctoral Researcher

Stanford University, Stanford, CA

Advisor: Dr. Sarah Fletcher

Civil and Environmental Engineering

2020–2022

Ph.D.

Purdue University, West Lafayette, IN

Advisor: Dr. Roshanak Nateghi

Industrial Engineering

2016–2020

Bachelor of Science

North Carolina State University, Raleigh, NC

Industrial and Systems Engineering

2011–2016

Research Support

Collaborations in Artificial Intelligence and Geosciences (CAIG)

\$389,206 NC State / \$884,606 total, Co-PI

Artificial Intelligence-Driven Optimization of Coastal Morphodynamics and Infrastructure Resilience

Collaborative PIs: Katherine Anarde (NC State), Brad Murray (Duke), Laura Moore (UNC-Chapel Hill)

National Science Foundation

August 2026–July 2029

Infrastructure Systems and People

\$80,054 NC State / \$697,903 total, PI

AI-Enabled Decision Support for Rate Setting and Infrastructure Investment in Decentralized Water Utilities under Drought

Collaborative PIs: Marta Zaniolo (Duke), Eric Edwards (UC Davis), Mehdi Nemati (UC Riverside)

National Science Foundation

September 2026–August 2029

North Carolina Collaboratory
\$99,820, *Lead PI*
North Carolina Data Center Water Use Analysis

State of North Carolina
May 2025-December 2026

North Carolina Collaboratory
\$99,719, *Lead PI*
North Carolina Power System Restoration Optimization

State of North Carolina
May 2025-December 2026

Digitizing Utilities Prize, Phase 1
\$75,000, *Lead PI*
North Carolina Short-term Power Outage Prediction

Department of Energy
June 2024-June 2025

R.L. Rabb Science and Society Fund
\$7625, *Lead PI*
North Carolina Climate & Health Systems Impacts Symposium

North Carolina State University
June 2024-June 2025

Research Collaboration Fund
\$30,000, *Lead NC State PI*
Leveraging AI for Real-time Prediction of Extreme Weather Events
to Foster Climate Resilience: a Global Research Alliance

University Global Partnership Network
August 2024-August 2025

UPS Endowment Fund
\$100,000, *Co-PI*
Assessing Drought Impacts on Urban Water Affordability and Access

Stanford University
September 2022-August 2023

Peer-Reviewed Journal Articles

Selected Honors & Awards

KIETS Climate Leaders Program

Kenan Institute for Engineering, Technology & Science

2026

Selected with Ph.D. student Juan Chala as a 2026 Student/Mentor team.

Best Paper Award, Foundations of Risk

Society for Risk Analysis

2025

Award given to Ph.D. Student Yamil Essus's paper on ecological resilience.

C.A. Anderson Outstanding Faculty Award

NC State ISE Department

2024

Award given to one faculty per year as voted by graduating seniors

Sustainable Society Conference Delegate

University Global Partnership Network

2024

One of 8 faculty selected from NC State to attend

Rising Environmental Leadership Program Fellow

Stanford Woods Institute for the Environment

2021

Outstanding Research Award

Purdue University School of Industrial Engineering

2020

Outstanding Service Award

Purdue University School of Industrial Engineering

2020

Student Spotlight

Society for Risk Analysis Engineering and Infrastructure Specialty Group

2020

Lee Chaden Fellowship

Purdue University School of Industrial Engineering

2018

Estus and Vashti Magoon Award

Purdue University

2018

Research Advising

Current PhD Student Advisees.....

Ignacio Sepulveda

NC State University

Spring 2023-present

Industrial & Systems Engineering

Shakhawath Hossain

NC State University

Fall 2025-present

Industrial & Systems Engineering

Camryn Deames

NC State University

Co-advised with Dr. Brandon McConnell

Fall 2025-present

Business Management

Elizabeth Harris

NC State University

Fall 2025-present

Operations Research

Caroline Hayes

NC State University

Fall 2025-present

Operations Research

Juan Chala

NC State University

Fall 2025-present

Industrial & Systems Engineering

Current Master's Student Advisees.....

Zackaria Radwan

NC State University

Fall 2026-present

Operations Research

PhD Alumni.....

Yamil Essus

NC State University

Current Position: Postdoctoral Fellow, University of Toronto

Spring 2023-Spring 2026

Industrial & Systems Engineering

Robert Smith

NC State University

Co-chaired with Dr. Brandon McConnell & Dr. Russell King. Current Position: Postdoctoral Research Associate, Institute for Risk Management and Insurance Innovation, UNC-Chapel Hill

Spring 2024-Spring 2026

Operations Research

Austin Semmel

NC State University

Co-chaired with Dr. Brandon McConnell & Dr. Sebastian Heese. Current Position: U.S. Military Academy at West Point

Spring 2024-Spring 2026

Operations Research

Master's Alumni.....

Teresa Groton

NC State University

Current Position: U.S. Military Academy at West Point

Fall 2024-Spring 2026

Operations Research

Patrick Leavitt

NC State University

Current Position: Data Scientist, U.S. Coast Guard

Fall 2023-Spring 2025

Industrial & Systems Engineering

NC State Graduate Advisory Committees.....

Edric Pham

NC State University, Committee Member

Fall 2026-present

Graduate Advisory Committee

Madison Horgan

NC State University, Committee Member

Fall 2026-present

Graduate Advisory Committee

Ryan Andersen

NC State University, Committee Member

Summer 2026-present

Graduate Advisory Committee

Verónica Díaz-Pacheco

NC State University, Ph.D. Committee Member

Summer 2026-present

Operations Research

Cameron Lisy

NC State University, Ph.D. Committee Member

Summer 2026-present

Operations Research

Laura Mora

NC State University, Committee Member

Spring 2026-present

Graduate Advisory Committee

Roya Sahraei

NC State University, Committee Member

Spring 2026-present

Graduate Advisory Committee

Lindsey Jacobson

NC State University, Committee Member

Fall 2025-present

Graduate Advisory Committee

Yongseok Jeon

NC State University, Committee Member

Spring 2025-present

Graduate Advisory Committee

Lucia Rebeca Gomez Hurtado

NC State University, Committee Member

Spring 2025-present

Graduate Advisory Committee

Archit Sunil Kulkarni

NC State University, Committee Member

Spring 2025-present

Graduate Advisory Committee

Troy Wibowo

NC State University, Ph.D. Committee Member

Spring 2024-present

Industrial & Systems Engineering

Graduate School Representative Service.....

Clayson Shumway

NC State University, Graduate School Representative

Summer 2025-present
Economics & Management

External Graduate Advisory Committees.....

Cameron Moore

Duke University, Ph.D. Committee Member
Advisor: Dr. Marta Zaniolo

Spring 2026-present
Graduate Advisory Committee

Swagato Biswas Ankon

University of Georgia, MS Committee Member

Spring 2023-present
Environmental and Water Resources Engineering

Completed Graduate Advisory Committees.....

Pranav Jain

NC State University, Ph.D. Committee Member

Spring 2023-Spring 2024
Industrial & Systems Engineering

Graduate Independent Study Advisees.....

Aakash Dhruv

NC State University
Current Position: Supply Chain Engineering, Amazon

Spring 2024
Integrated Manufacturing Systems Engineering Institute

Undergraduate Research Advisees.....

Honors Thesis

Adam Nayak
Stanford University

2021-2022

Policy Engagement & Government Briefings

Fayetteville City Council Work Session
North Carolina Data Center Water Resource Analysis
Invited policy briefing on data-center water, energy, wastewater, and infrastructure impacts

Fayetteville, NC
August 2026

North Carolina Energy Policy Task Force
Initial Assessment Plan: North Carolina Data Center Water Resource Analysis

Raleigh, NC
July 2026

Teaching

ISE408: Design and Control of Production and Service Systems

Spring 2023-Fall 2025

ISE589: Computational Applications of Sustainability and Resilience

Fall 2023, Fall 2024, Fall 2025

Invited Seminars

ECo Talks, The Earth Commons
The Myth of Access: Affordability, Perception, and the Reality of Infrastructure Equity

Georgetown University
April 2026

CEE Graduate Colloquium
The Myth of Access: Quantifying Access to Essential Services Using AI, Durham, NC

Duke University
February 2026

Civil and Environmental Engineering
Risk, Optimization, and AI: Quantifying Access to Essential Services

Stanford University
February 2026

Environmental, Water, and Coastal Engineering Seminar Series
Quantifying Non-Spatial Dimensions of Access to Essential Services, Raleigh, NC

NC State University
December 2025

Society for Risk Analysis Risk Science Webinar Series
Quantifying and Operationalizing Resilience, Equality and Equity in Power Systems

Virtual
April 2025

AI for Extreme Weather Event and Disaster Risk Management Seminar Series
Quantifying Community Resilience

Virtual
October 2024

Center for Environmental and Resource Economic Policy
Engineering vs. Ecological Resilience

NC State University
April 2024

International Risk and Resilience Research Alliance <i>The Pitfalls of Aggregation in Assessing Community Resilience</i>	Virtual February 2024
Energy Data Analytics Symposium <i>Ethics & Social Responsibility of Data Analytics</i>	Duke University April 2023
Operations Research Seminar Series <i>Linking Sustainability & Resilience with Operations Research</i>	NC State University March 2023
Civil & Environmental Engineering <i>Avoiding Resilience Traps with Unsupervised Learning</i>	Cornell University March 2022
Industrial & Systems Engineering <i>Methods for Operationalizing Community Resilience Using Big Data</i>	NC State University January 2022
INFORMS Student Chapter Summer Research Series <i>Social Resilience Fingerprinting</i>	Oklahoma University April 2020

Invited Conference Presentations

Society for Risk Analysis Europe Annual Conference <i>Beyond Geography: Population-Scale Measurement of A-Spatial Food Access Using Large Language Models</i>	Alicante, Spain May 2026
Society for Risk Analysis Annual Meeting <i>Incorporating Equity and Fairness into a Mathematical Model for Power Restoration After Natural Hazards</i>	Washington, DC December 2025
Society for Risk Analysis Annual Meeting <i>The Future of Risk Analysis: Perspectives from Emerging Risk Professionals</i>	Washington, DC December 2025
INFORMS Annual Meeting <i>Incorporating Equity and Fairness into a Mathematical Model for Power Restoration After Natural Hazards</i>	Atlanta, GA October 2025
Society for Risk Analysis Europe Annual Conference <i>Post-disaster Power System Restoration Optimization</i>	Stavanger, Norway June 2025
Society for Risk Analysis Annual Meeting <i>Integrating Theories of Community Resilience</i>	Austin, TX December 2024
INFORMS Annual Meeting <i>Predicting and Understanding Residential Water use with Interpretable Machine Learning</i>	Phoenix, AZ October 2023
The International Symposium on Sustainable Systems and Technology <i>Quantifying Community Resilience to Break Resilience Traps</i>	Fort Collins, CO June 2023
Institute for Industrial and Systems Engineers Annual Conference <i>Quantifying Community Transformation</i>	New Orleans, LA May 2023
AGU Fall Meeting <i>Socio-hydrological impacts of water scarcity on household water affordability</i>	New Orleans, LA December 2022

Society for Risk Analysis Annual Meeting <i>Socio-hydrological impacts of water scarcity on household water affordability</i>	Tampa, FL December 2022
Society for Risk Analysis Annual Meeting <i>Quantifying Community Resilience to Break Resilience Traps</i>	Virtual December 2020
International Conference on Computational Social Science (IC2S2). <i>Be Careful Where You Get Your Tweets: Bias in Analysis from Tweet Acquisition Source</i>	Virtual June 2020
INFORMS Annual Meeting <i>Quantifying Community Transformation</i>	Virtual October 2020
Natural Hazards Center Researcher's Meeting <i>Natural Hazard Twitter Analysis Depends on Tweet Sources</i>	Virtual May 2020
INFORMS Annual Meeting <i>Social Resilience Fingerprinting</i>	Seattle, WA October 2019
Institute for Industrial and Systems Engineers Annual Conference <i>Interdependent Infrastructure System Risk & Resilience to Natural Hazards.</i>	Orlando, FL May 2019
Society for Risk Analysis Annual Meeting <i>Electric Power Infrastructure Resilience</i>	New Orleans, LA December 2018
INFORMS Annual Meeting <i>The Sensitivity of Electric Power Infrastructure Resilience to the Spatial Distribution of Disaster Impacts</i>	Phoenix, AZ October 2018
IEEE International Conference on Probabilistic Methods Applied to Power 2018 Systems <i>Stochastic Unit Commitment Performance Considering Monte Carlo Wind Power Scenarios</i>	Boise, ID June 2018
Society for Risk Analysis Annual Meeting <i>Transportation Network Recovery Analysis, an Equilibrated Perspective</i>	Crystal City, VA December 2017
INFORMS Annual Meeting <i>The Cost of Wrong Assumptions in Tropical Cyclone Frequency Distributions</i>	Houston, TX October 2017
Institute for Industrial and Systems Engineers Annual Conference <i>UAVs Provide Lifesaving Medical Care</i>	Anaheim, CA May 2016

Student Conference Presentations

Underline indicates an advisee

Society for Risk Analysis Annual Meeting <i>Characterization of the Dependency Between Power and Communication Outages</i> <u>E. Harris</u> and B. Rachunok	Washington, DC December 2025
Society for Risk Analysis Annual Meeting <i>Expanding the Dimensions of Food Access: Linking Experience and Geography Through Data-Driven Analysis</i> <u>T. Groton</u> and B. Rachunok	Washington, DC December 2025

93rd Military Operations Research Society Symposium
A Framework for Analyzing Operational Efficiency in US Army Aviation
Self-Organizing Map-based Clustering of Flight Dispatch Decisions
A. Semmel, H. S. Heese, B. McConnell, M. Powell, and **B. Rachunok**
Selected Best in Working Group (Readiness)

Leesburg, VA
June 2025
